The Woolen Co. band, 30 pieces strong, under the directorship of F. D. Thayer, has been engaged to play in the professional division of the preparedness parade in Chicago, June 3. That the band will make a hit is believed by all those who have heard it play this season. ITALIAN COMMANDER IN TRENTINO RETIRED

General Compelled to Fall Back Before Austrian Onslaught Put on Half Pay.

International News Service: ROME, May 26.—Gen. Brusati, commander of the Italian army in Trentino which has been compelled to fall back before the Austro-Hungarian offensive, has been relieved of his command Gen. Brusati, instead of being shifted to another part of the line, has been retired and placed on half pay.

In spite of the violence of their bombardment and the lavish use of fresh troops the Austro-Hungarian troops have been unable to make any headway against the powerful new positions to which the Italians retired between Monte Maggio and the Asa river. Extending their infantry operations farther west the Austro-Hungarians made strong attacks against the Italian positions northwest of Lake Garda, but were thrown back after suffering extreme losses.

Southeast of the Sugana valley the Austro-Hungarians have attacked repeatedly in an effort to force the Italians back upon their own soil, but without success.

Hard fighting at some points with infantry and at others with only artillery, is in progress over the entire front from the Adamello sector to the sea. In spite of the vigor of the Austrian blows a feeling of optimism prevails here and the confidence of the high command is reflected in the press and in the expressions of the people.

"Why Peter Fox, an American citizen, was arrested at Garrickmore, county Tyrone, and is at present confined in Wandsworth detention barracks with no criminal charge against him; whether a letter he addressed from the prison to the United States consul at London was ever delivered, as no acknowledgment was ever received by the prisoner, and whether Fox's American citizenship papers, which were taken from him when he was arrested, will be returned to him or submitted to the American consul in London."

Regarding YOUR SUMMER TRIP

THOUSANDS who have spent their vacations in the east will go again this year. And those who have never been to Niagara, down the St. Lawrence, through Canada to Boston, New York, Atlantic City, etc., have determined to go this year. The East and Canada are "in the air." Indications have never been so marked and so early of a tremendous volume of resort traffic toward the Atlantic.

And so the Grand Trunk Railway System, the tourist route through Canada and via Niagara Falls and the beautiful Lehigh Valley, desires to get in early touch with those who intend to take these trips, because we know we "have the goods" and can give you an outing, at moderate expense, over which you will be enthusiastic.

Circle Tours Most Popular

We want to speak, especially of our circle tours—our great, popular innovation by which you may go one route and return another, diversifying by rail and water, with free stopover privileges. These please every time.

At very moderate cost, say \$41.25, you can go through cool Michigan to Detroit or Port Huron, then Toronto, then Kingston, take a steamer through the Thousand Islands and the rapids of the St. Lawrence River to Montreal, thence through New England to Boston, thence to New York, up through the picturesque Lehigh Valley, past Mauch Chunk, Watkins Glen, Wilkes-Barre and Lake Seneca—the so-called Switzerland of America—to Niagara Falls and back to South Bend.

Niagara, New York and Virginia

That is one of the most complete tours we have, and for \$45.50 less—\$38.50—you can go from South Bend through cool Michigan to Detroit, thence Niagara Falls, then via the Grand Trunk Railway again to Maple Lake, wonderfully picturesque Lehigh Valley, through the Switzerland of America to New York, and after seeing the metropolis take the boat to Norfolk and come back through Virginia, White Sulphur Springs, through mountain scenery (surpassed only by the Lehigh Valley) to Toledo and return to South Bend.

Low Fare New York and Boston "Circle Tours" Now on Sale

Or, should you wish a shorter, even less expensive trip—say for \$23.50—you can go via the Grand Trunk to Penetang on Georgian Bay, then by steamer to Pelly Sound, by Pelly Sound Yachting fleet to Rose Point, then Grand Trunk Railway again to Maple Lake, then a wonderful stage drive through the woods of the Canadian Highlands to Port Cockburn or beautiful Rosseau, thence by boat over the famous Muskoka Lakes to Muskoka Wharf and home again via Toronto and the Grand Trunk. This last trip can be made in a week if necessarily hurried, and the entire cost of tickets, meals, berths and all expenses need not exceed \$40.00.

Fares and All Conditions Attractive

But the main thing, the point we wish to emphasize is that the Grand Trunk out of South Bend is a great and popular tourist route. We cater to this business because it is one of our principal summer revenue producers and we must make the fares and all conditions attractive. For that reason we are keen to lay our propositions before you. It will really and honestly pay you to see us before deciding on your route. We have the variety there being 75 different trips in our circle tours alone. The time to plan is now and with our cooperation.

Comprehensive Guide Books Free

We have published a complete assortment of illustrated guides quoting fares in detail. We urge you to get a set. C. A. McFurt, Passenger Agent, Grand Trunk Ry. Station, Bell 93, Home 1092, South Bend.
